

Pour télécharger GW mail et GW Calendar, vous devez vous créer un compte iTunes. Une carte de crédit vous sera nécessaire.

Une fois votre compte créé, vous pouvez accéder au AppStore via votre téléphone ou via iTunes sur votre ordinateur.

Si vous êtes sur iTunes sur votre ordinateur, branchez votre iPhone.

Faite une recherche pour « Groupwise »

Pour chacune des applications suivantes, cliquez sur « Acheter l'App »

The screenshot shows the iTunes App Store interface for the 'GW Mail' application. A red arrow points to the 'Acheter l'app' button, which is priced at \$5.99. The app is categorized under 'Affaires et finances' and is compatible with iPhone and iPad. The description states that it is a GroupWise email client for the iPhone, offering a better interface than the default Novell client. The 'Captures d'écran' section shows a screenshot of the app's mailbox interface, displaying a list of emails from Bob Novell, Bill Ding, and Tina Novell. The interface includes folders like Mailbox, Mail Message, and Folders, and a list of emails with details such as sender, time, and subject.

The screenshot shows the iTunes App Store interface for the 'GW Calendar' application. A red arrow points to the 'Acheter l'app' button, which is priced at \$3.99. The app is categorized under 'Affaires et finances' and is compatible with iPhone and iPad. The description states that it is a GroupWise calendar client for the iPhone, offering a better interface than the default Novell client. The 'Captures d'écran' section shows a screenshot of the app's calendar interface, displaying a weekly view for Thursday, September 16, 2010. The interface includes a list of appointments such as 'Project status meeting' and 'Team Meeting', and a 'New Appointment' form with fields for location, date, time, and duration. A keyboard is visible at the bottom of the screenshot.

Cliquez sur votre appareil et ensuite sur « Synchroniser »
